

Subject: [chsstaff] Site Council Minutes, 3/13

Present: Lodi Soderholm, Scott Schirmer, Justine Enes, Amy Dunbar, Amy Adams-Schauer, Erin Crews, Julia Campbell, Janell Schoellhorn, Mike Sterling

Guest: Mike Wilt

Mike Wilt: presentation about the concession stand project. 20+ parents involved.

Emphasis on parent driven efforts to improve facilities.

Emphasis on following 4j guidelines.

Proposal at this time would place concession stand in the SW corner of the stadium. A new ticket booth modeled after the concession stand would replace the current ticket booth.

The new concessions facility would support year-round events - CHS activities as well as Kids' Sports and adult league activities.

Some of the material for the project has already been donated.

Project leader - Brian Bineham, Bineham Construction.

Timeline - depends on fundraising and bureaucratic hoop-jumping, but hoping to be ready by August 1, 2014.

Projected cost - minimum \$250,000.

Forming a non-profit organization so project will be privately funded and materials as well as services could be donated.

Purpose of concession stand is to support Churchill athletics and other student organizations.

Site Council approved proposal, which will now move to 4j Facilities.

Discussion about accreditation process - groups will meet in preparation for next week's IIT mtg.

Clarification

Subject: Re: [chssite] Fwd: [chsstaff] Site Council Minutes, 3/13

Hi there,

I know I brought the request from the Senior Grad Party to Site Council because it was approved from LPA to donate \$350. for 10 tickets to the event for students that needed the scholarship, but didn't see it in the minutes. Not sure if that was because there wasn't an administrator present, or if there was another reason. LPA is asking me because they would like to give that check to the treasurer if it is approved. Any thoughts on this would be greatly appreciated! Thanks!

~Janell~
