1. I/D - Mission and Vision – *The CHS Graduate* ALL

Site Council finalized the vision statement and the PRIDE of the mission. The mission statement will be finished at the next site council meeting in April.

Vision:

Excellence Every Day for Every Lancer

Mission:

Lancers achieve excellence by...

(the below part is still being revised/edited)

Acknowledging the ever changing world around us

Fostering a culture of acceptance and respect for diverse ideas, backgrounds, and the needs of everyone...

Developing knowledge and skills to boost confidence in all settings...

Lancers strives for excellence through PRIDE.

PURPOSE: Lancers act with intention.

RESPECT: Lancers have acceptance for others and themselves.

INTEGRITY: Lancers act with honor and accountability.

DETERMINATION: Lancers have the will to persevere.

ENCOURAGEMENT: Lancers act to empower everyone.

VI. Old Business

Today: Work on a catch phrase. Three years ago the state of Oregon requested we revise the CHS's vision and mission.

Start with "Excellence. Every Student. Every Day."

Interpretation of excellence -- isn't happening every day. We're striving for it - and that's the mission part.

Maybe "Striving for excellence" instead.

Lancers always strive for excellence. Erin likes the idea of using this day to day.

Strength through knowledge. Excellence through knowledge. Need a mention of community.

Question: Is there a goal for the length of the new mission statement aside from fewer than the present 50 words? 5-7 bullet points instead.

Would like to see a part included about independence and confidence.

Our timeline: A draft of a mission and vision by spring break to be presented to other leadership groups for feedback.

Would like to see empowerment part of the mission, it's like independence and confidence combined.

At our next meeting, we will examine how our vision and mission statement reflects everyday occurrences at Churchill. There will be a scheduled work session for March 3, 3:45-5:00 to write a draft of the Vision/Mission for CHS
